

# Facts about your body

Name: \_\_\_\_\_

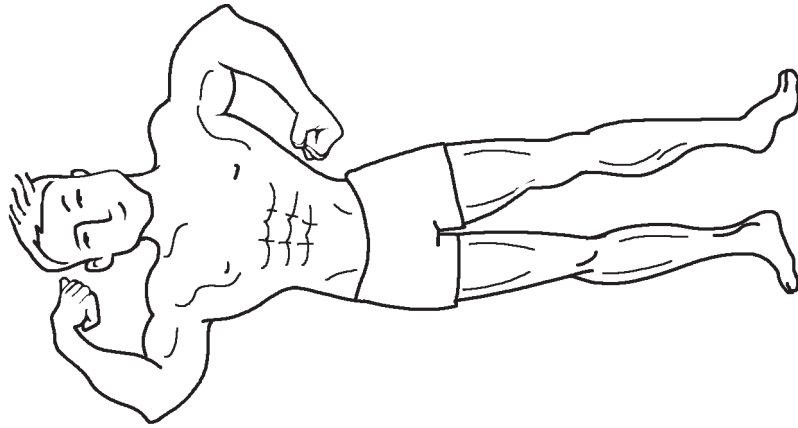

Class: \_\_\_\_\_

## CLASS WORKSHEET

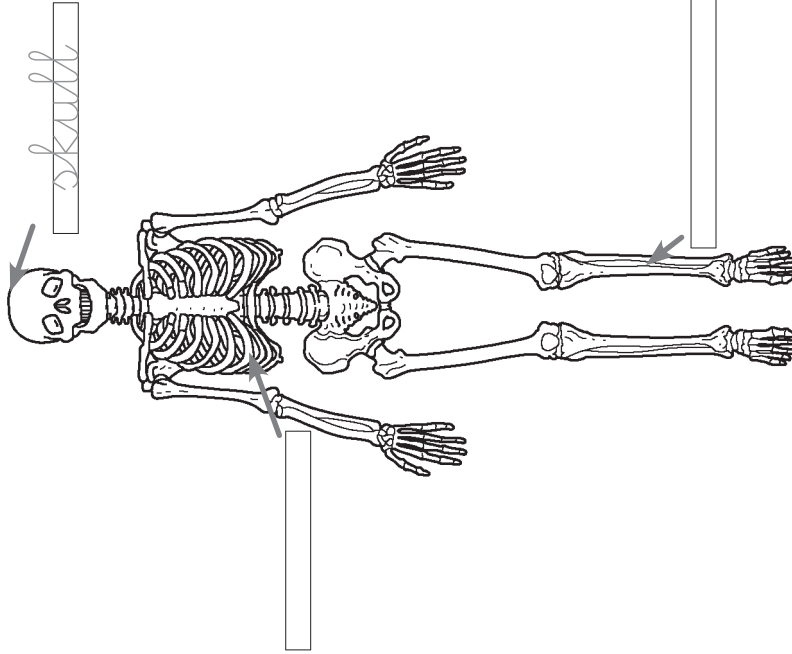

✂️ Cut out and fold. Write the names of the bones and body parts.

We have muscles to help us move.  
Muscles are elastic and soft.

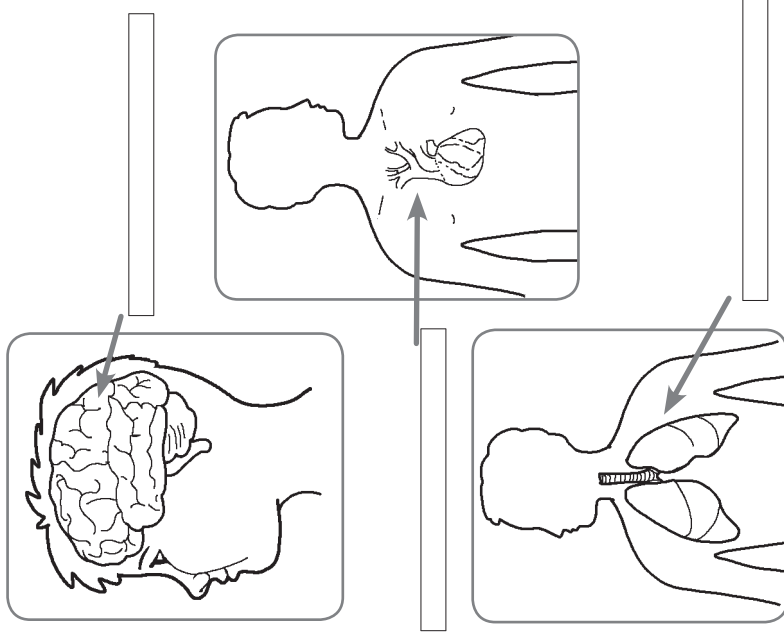

Muscles pull bones to move them.  
Muscles relax and contract.

Your body has a skeleton inside.  
The skeleton supports your body.

The skeleton is made of bones.  
Bones are hard and rigid.

We breathe with our lungs.  
Our heart pumps blood around our body.

We think with our brain.

- Hand out a copy of the worksheet to every pupil
- Ask the pupils to cut out and fold the worksheet to make a pamphlet.
- The pupils read the information and label the body parts.
